WINDMILL WEEKEND

'Windmill Weekend 1987' will be the tenth year for this townwide celebration. It began with a small group of local people who planned a few events, including a mini-parade, for the weekend after Labor Day and has grown into a full scale celebration featuring many different categories of events for all ages and interests.

Weekend events include a Craft Fair by Eastham craft people, a Sand Art Competition, Saturday night Square Dance and Superstar competitions for children and adults. A popular event the past two years has been The Great Tricycle Race. Various musical groups volunteer their time and talents to provide entertainment throughout the celebration which is centered at the Windmill Green.

Two persons are chosen by the Windmill Weekend Committee each year as honorees to ride in Sunday's parade and to be further recognized at the Community Cookout. These are persons who have given unselfishly of their time and talents to benefit the town of Eastham.

A spectacular Sunday parade stretching from Massasoit Road to the Visitors Center features numerous floats planned and completed by individuals, clubs and local businesses. Festivities conclude late Sunday afternoon with a Community Cookout, where families bring their own food and members of the Fire and Police Association build the fire and do the cooking. The program comes to an end with the drawing and awarding of raffle prizes.

The entire weekend of events is planned by a committee of volunteers. Funding is obtained from proceeds of the raffle, with prizes provided by local businesses, professional people, and the Windmill Weekend Committee. New members are always welcome.

EASTHAM PUBLIC LIBRARY

Our Public Library has one of the loveliest locations in town. It is located on Samoset Road just west of the windmill overlooking Long Pond. There is a convenient off-street parking area behind the library.

The original building was built in 1897 by the Billage Improvement Society (which explains the inscription over the library door) and was given to the town in 1903. During 1976 the Trustees published a short history of the library, written and researched by Helen Schwind.

Librarian Jane Eldridge and her staff are available to assist you in book selection, reference help, etc. We are fortunate to have a full time Assistant Librarian. In addition to helping parents and children choose books, she conducts programs for a variety of ages and interests. For the first time we have a computer in the Children's Room available for the public use under the supervision of the librarian.

Primarily the library is supported by municipal funding. However, The Friends of Eastham Library Inc. contribute significantly in time effort, and in gifts to the overall success of the library. The Building Committee has been working to solve the space needs with an expansion program in mind.

We are proud of our collection of books which includes current and older fiction and non-fiction, books about Cape Cod and by Cape authors, an outstanding genealogical research section, and a rapidly growing children's collection.

In addition to books, there is the unique bicentennial quilt made by ladies of Eastham, depicting traditional scenes of Eastham life.

THE EASTHAM HISTORICAL SOCIETY

Eastham is one of the oldest towns in the Commonwealth. Three "Old Corners" or passengers on the Mayflower, were among its earliest families. With its long and varied history, it is only natural that many Eastham citizens would be interested in preserving that history and its artifacts.

The Eastham Historical Society was founded in 1953 with the above objectives. Since then, the Society has acquired many interesting collections of memorabilia through the generosity of Eastham's citizens and visitors. The collections are housed in two historically important structures - The Swift-Daley House (ca. 1741) and the Old Schoolhouse (ca. 1869). Both buildings are open to the public during the summer months. There is a small entrance fee for non-members. The only requirement for membership is an interest in the aims of the Society.

The Swift-Daley House is located on Route 6 (next to the Post Office.) Its bowed roof is typical of early houses built by ship's carpenters. The wide board floors, wood panelling, deep kitchen fireplace, The parlor fireplaces, narrow stairways and other features are typical of the time it was built in the 18th century. The house is completely furnished, and its collections include examples of period clothing, china, Indian artifacts, quilts and household equipment. It is open during July and August on Wednesdays and Fridays from 1:30 to 4:30pm or by appointment (255-3380).

The Schoolhouse Museum, directly across from the National Seashore Visitor Center, is the remaining one of three schoolhouses, consolidated on that site in 1869 which served the town until 1936. The building had been abandoned and was in disrepair until rescued by the Historical Society and restored through the hard work of Society members and others. The museum displays objects from various facets of the town's history including farming, shipwrecks, the Life Saving Service, the school and daily life in the town.

The Museum hours are 1:30-4:30 PM, Monday through Friday during July and August.

MAYFLOWER DESENDERENTS REMEMBERING THE BRACKETTS OF NORTH EASTHAM. MA.

On Fourth of July Weekend, 1987, a special dedication ceremony will be held for a monument at Rt 6 (corner Brackett Rd.) in North Eastham.

On this farm, originally 48 acres, George Brackett, son of Captain Elkariah Brackett, with his wife Rosa Holms Brackett, and their son Raymond and daughter Shirile, became well known as growers and shippers of the famous Cape Cod turnips and asparagus.

THE CAPE COD NATIONAL SEASHORE

President John F. Kennedy signed a bill on August 7, 1961 making the Cape Cod National Seashore a reality. The Seashore includes approximately 27,000 acres of uplands in six towns - Chatham, Orleans, EASTHAM, Wellfleet, Truro and Provincetown. The work of the Cape Cod National Seashore involves conservation and preservation of the magnificent natural surroundings of the Cape as well as highlighting certain natural and historical sites for the enjoyment of visitors. The Cape Cod National Seashore offers visitors approximately 30 miles of the finest seashore on the Atlantic Coast.

In Eastham, the Salt Pond Visitor Center, located off Rt 6, is the nucleus of the National Seashore and offers an orientation film, exhibits on Cape Cod human and natural history and a bookstore. It is open all year. Telephone: 255-3421.

A Variety of Unique Features of the Seashore Includes:

Walking - Self guiding trails include Nauset Marsh, Buttonbush (special text in braille), Fort Hill (a favorite for bird watchers and nature photographers) and the Red Maple Swamp.

Biking - A beautiful bike path from the Salt Pond Visitor Center directly to Coastguard Beach.

Historic Features- Penniman House, Indian Rock, Doane Homesite and Nauset Light.

Overlooks - Fort Hill, Salt Pond Visitor Center and Nauset Light Beach.

Beaches - **Coastguard Beach** - off Route 6 at the Salt Pond Visitor Center - follow Nauset Road and Doane Road to the beach; and **Nauset Light Beach** - off route 6, turn right on to Brackett Road and follow Cable Road to the beach. Both have swimming areas with lifeguards on duty during the summer season.

Programs - Day and evening programs are available in the summer and on a reduced schedule the remaining part of the year at the Salt Pond Visitor Center.

OUTERMOST HOUSE

A Cape Cod National Seashore park ranger gazes at Henry Boston's beloved "Outermost House" on October 11, 1964 when it was dedicated as a national literary landmark. Boston put this tiny shack on the map in 1928 when he published his book depicting the year that he spent on the edge of the dunes of EASTHAM, facing the Atlantic.

Today, neither Boston or his little house remain, the author died in 1968 and just ten years later the "Outermost House" was completely destroyed in the Great Blizzard of February 1978.

A VISIT TO GIGI POTTERY

If you turn off the road on Route 6, North Eastham near the Wellfleet line at the red and white Pottery sign, and drive down Gigi Lane for about 100 yards, you will be richly rewarded for your adventurous spirit. You will find yourself at Gigi Pottery where you are warmly welcomed by artist-potter Bernie Epstein, who is also part philosopher, teacher, chemist, geologist, and friend. Bernie will invite you to look around, touch, and ask questions. Time appears to stand carefree amidst a ambience of clay, utensils, pots, and glazes.

On a recent visit to Gigi Pottery, Bernie was found carefully carving imported bamboo handles for a freshly fired tea pot. Within a few minutes a car with four children and two adults drove up to the workshop. As soon as Epstein saw the children, his eyes lit up, the pottery wheel began to spin, and a lump of clay almost magically became a graceful vase as the children watched spellbound.

A look around the pottery shop reveals a charming variety of pottery...all shapes, sizes, colors and prices. Casseroles, mugs, honey jars, pie plates, chowder bowls, goblets, pitchers, planters, mirrors, clocks, candleabras, and sculptures artfully line the shelves, walls, and entrance way of Gigi Pottery.

Epstein explained that all of his pottery is made of either stoneware or porcelain. Porcelain is a pure white clay that has not been mixed with minerals, whereas stoneware is a variety of clay and minerals.

Epstein is especially proud of his "Chinese red" glazes for which he is well known off Cape Cod as well as on Cape.

As Epstein was explaining how he combines Nauset Beach sand and decomposed granite with his clay to obtain special effects, another car pulled up and a young couple greeted Bernie with a warm, "Hello, we have come back to see your watercolors." They walked out of the shop with their purchases of a painting and mugs, and a farewell greeting of, "See you again next year...we wouldn't leave the Cape without a visit to Gigi Pottery."

CAPE COD STEAMED LOBSTER

Put 3 inches of boiling water in a large kettle. Add 2 tbsps. of salt. Plunge lobsters in, head downward. Cover kettle, bring back to steaming point rapidly and begin timing; 17 minutes for 1 pound size or 18-20 minutes for 1 ¼ to 1 ½ pounders.

Remove lobsters from water and place each one on its back. Using a heavy knife, cut each lobster from head to tip of tail. Spread open and remove intestinal vein and small sac just below head. Crack large claws. Serve with a small dish of melted butter and lemon.

Bayside **LOBSTER & HUTT**

On the road to Wellfleet Harbor in an old white shingled oyster shack, a daily lobster orgy takes place, amidst tanks marked 'see 'em swim.' Devoted patrons, who are convinced the best lobster feast is eaten in the rough, help themselves to seafood cooked clambake style.

In addition to lobsters there are also steamers, corn on the cob and other fresh seafood dinners and daily specials baked, fried and broiled. There is also a Salad Bar-Raw Bar and "we make our own chowder." The restaurant operates self-service and is strictly informal. There is no liquor license, but you are invited to bring your favorite beer or wine.

The 'Lobster Hutt' is a local Wellfleet institution, popular because the seafood is fresh from the cape waters and the prices are always reasonable.
